

# CLE - Press Release - Advisory Board

## Canada Light Expo 2026 Announces Advisory Board and Opens Call for Speakers for Canada Light Talks

**Toronto, Canada** — Canada Light Expo 2026, Canada's premier B2B exhibition dedicated to lighting solutions and technologies, welcomes three new members to its **Advisory Board** and officially opens the **Call for Speakers** for Canada Light Talks 2026, the event's flagship knowledge-sharing platform.

The Advisory Board remains pivotal in shaping the 2026 edition of the show & will play a key role in making it the key platform for the lighting & design fraternity in Canada. The knowledge partner & organisers will ensure that discussions at Canada Light Talks remain relevant, forward-looking, and aligned with the evolving needs of the global lighting industry.

### **New Esteemed Advisory Board Members**

Canada Light Expo 2026 welcomes the following industry leaders to its Advisory Board:

- **Jennifer Pott**, Principal, **TPL Lighting**
- **Alan McIntosh**, B.A., IALD, CLD, MIES, Vice President, **Mulvey & Banani Lighting Inc**

Their collective expertise spans architectural lighting design, project leadership, and industry advocacy, strengthening the strategic direction of Canada Light Talks and reinforcing its position as a credible platform for dialogue and knowledge exchange.

### **Call for Speakers: Canada Light Talks 2026**

After two successful editions, Canada Light Expo has opened the **Call for Speakers** for Canada Light Talks 2026, inviting lighting professionals, designers, technologists, researchers, and industry experts to contribute to conversations shaping the future of lighting.

Canada Light Talks, hosted alongside Canada Light Expo 2026, serves as a dedicated forum for in-depth discussions, expert insights, and practical perspectives across lighting design, technology, sustainability, and human-centric applications.

### **Themes and Topics**

The 2026 edition of Canada Light Talks will explore a broad spectrum of topics, including but not limited to:

- Application Specific Lighting Design Strategies and Techniques
- Light and Design
- Lighting Controls and Systems
- Light and Health
- Environmentally Friendly Exterior Lighting
- AI in the Lighting Industry
- The Future of Lighting
- Light and Justice

- Improving the Quality of Life for Seniors

These sessions aim to address both current challenges and emerging opportunities across residential, commercial, public, and specialized lighting applications.

## **Speaker Submission Details**

Industry professionals interested in speaking at Canada Light Talks 2026 are invited to submit their proposals, including:

- A compelling session title
- A 100–200 word professional biography
- A high-resolution speaker photograph
- Topics of interest
- Preferred session format (Keynote, Panel Discussion, or Fireside Chat)
- A link to a LinkedIn profile or professional website

Due to limited speaking slots, early submissions are encouraged. Selection of speakers will be done by the organisers, Lighting Agora, the knowledge Partners & the board

## **About Canada Light Expo 2026**

Canada Light Expo 2026 will take place on **18–19 November 2026** at the **International Centre, Toronto, Canada**. The exhibition brings together lighting brands, designers, specifiers, consultants, and decision-makers under one roof to explore innovations across architectural, smart, sustainable, decorative, horticulture, and healthcare lighting.

Held under the theme “**Connect, Innovate & Illuminate: Canada’s Premier Expo on Lighting Solutions**,” the event continues to strengthen Canada’s role as a hub for lighting innovation, collaboration, and industry advancement.
