How Hospitality Design is Reshaping Corporate, Office & Residential Lighting

Join a panel of workplace, hospitality, and lighting design experts as they explore how hospitality-inspired thinking is transforming the modern office.

From wellness and comfort to flexibility, lighting, and long-term value, this interactive discussion will examine the evolving expectations of today's workplace and the design strategies helping organizations create environments that people want to experience.

WHERE HOSPITALITY MEETS EVERY SPACE

RANDY REID

Sr.Designing Lighting

Randy Reid is the editor of designing lighting (dl) magazine. He also publishes and edits the EdisonReport. Reid is president of LumEfficient, a company focused on industrial and hazardous lighting, and he also serves as the Executive Director of the National Lighting Bureau (NLB). Reid is a past president of the Illuminating Engineering Society (IES).

MARIANNA NG

Sr. Interior Designer | B+H International Corp.

Marianna is a Senior Interior Designer with extensive experience in commercial workplace design, recognized for her creativity and collaborative leadership. She oversees every project phase—from workplace strategy through design development, documentation, and construction—guiding teams toward clear, coordinated outcomes. With a strong focus on future-fluid design, she creates adaptable workplaces that balance beauty, functionality, and a client's unique brand and culture.

MAXIE PENNINGTON

Director of Practice - Interior Design | CHIL Toronto

Maxie is Director of Practice at CHIL Toronto, with over 20 years of international experience leading award-winning projects across hospitality, entertainment, and mixed-use environments in North America, Asia, and the Middle East. She combines strategic thinking with creative vision to craft memorable guest experiences, partnering closely with clients to translate business objectives into compelling design. A collaborative leader, she guides multidisciplinary teams from vision through delivery.

REBECCA HO-DION

Principal, Lighting Design Director | ALULA Lighting

Rebecca is Principal and Lighting Design Director at ALULA Lighting Design within The HIDI Group, with more than two decades of experience spanning commercial, retail, hospitality, institutional, and residential projects. Holding a Master's in Architectural Engineering (Lighting/Electrical) from Pennsylvania State University, she brings rigorous technical expertise alongside a deep passion for architecture, art, and design.

TAMARA ROOKS

VP | Figure3

As Vice President at Figure3, Tamara brings over 15 years of design experience across multiple sectors, leading with a collaborative, client-centred approach grounded in connection, trust, and shared vision. Known for her natural leadership and charismatic style, she champions diverse perspectives and intentional collaboration to push creative boundaries. Tamara is passionate about fostering a culture of inclusion and continuous learning.
